Word

As last time, there may be things the group wants to discuss from chapters 5 and 6. Here's a study on part of chapter 5.

Mark 5:21-43

How does Jairus show his need for help?

Why does the woman approach Jesus in this way?

Why was it important for Jesus to know who had touched him?

What are the contrasts and what are the similarities between these two miracles?

There are different kinds of faith. Is there a difference between the faith shown by Jairus and by the woman? Is one greater than the other?

Why does Jesus ask the woman to show herself?

What do these two stories tell us about the way God deals with individuals?

Why does Jesus ask Jairus' family to keep quiet about the healing?

Should we expect to see healings like these today?

How can we help people to seek God's healing today?

10 mins 13/5

Witness

Continue to pray for the process of appointing a new vicar,

Thy Kingdom Come events are on this week. Encourage each other in our praying for our friends and for God's Kingdom to come.
