

Week beginning 29th April 2018

St Barnabas reads Mark

Welcome

Do you have green fingers or can you not make anything grow?

15 mins 29/4

Worship

Read 1 Peter 1:3-9. Have a time of praise, thanking God for our salvation in Christ and sing some songs.

20 mins 29/4

Word

As last time, there may be things the group wants to discuss from chapters 3 and 4. Here's a study on part of chapter 4 if you want it.

Mark 4:1-34

What does each type of soil represent?

What causes the seed in the second soil to wither?

What chokes the plants in the third soil?

What do the sower and the seed represent?

What kind of fruit does a Christian produce?

What does Jesus mean in v11-12? Is this the reason that Jesus speaks in parables or simply what happens when he does?

To whom does Jesus explain the parable? Why do they get an explanation?

What is the secret of the kingdom?

How can we help the seed to grow in our lives and other people's lives?

What might hinder our growth?

What do the parables in v26-34 tell us about the way the kingdom grows?

10 mins 29/4

Witness

Continue to pray for our new vicar (closing date 1st May).

Thy Kingdom Come will be starting before the next life group week. Details in Outlook, including praying for five friends and praying the Lord's Prayer every day at the same time.

10 mins 29/4
