## Word

### Psalm 73

1. What is the psalmist's problem in this psalm?
2. What attitudes may be undermining his faith?
3. What was he hoping to gain from his pure heart?
4. What causes him to change his mind?
5. How would voicing these thoughts have betrayed others (v15)?
6. What new insight does he gain?
7. What has been his experience of God's presence?
8. Do you share the psalmist's envy of the rich?
9. Are you satisfied by his insight in v17?
10. How can we keep this faith perspective alive in the face of injustice in the world?
